Websites

A great professionally done website is an asset to any business of organization.

It represents the entity in the Global eye on the World Wide Web. At Authentic Technology we have the eye for great designs on websites.

We are keen on meeting and surpassing our client's expectations, and we celebrate each project with its uniqueness.

We have over websites that include,

- > www.booksmasters.com > www.pureflixx.biz > www.kcdnkenya.org
- > www.b4cfamily.org > www.laeteon.com > www.101010kenya.org
- > www.maasaiafricagallery.biz > www.gripkenya.org
- > www.rauqa.com > www.vickmeryschools.ac.ke
- > www.deniskarema.com and many more.

Web Hosting

When we talk about website hosting we are talking about your website being accessible and online for 365 ¼ days annually.

We have partnered with the best hosting companies in the world in order to guarantee this reliability and security.

You have access to a customer care agent any minute of day of night. Our competitive prices are another reason to choose authentic technology.

We have over 500 hosted domains for corporate emails

- > www.eamun.com > www.muwasco.co.ke > www.flamencoinvest.com > www.kenyatweets.com and many more.

We have been around since 2005 and so we pretty much know what we are doing.

.services...

Domain Names

We are a registrar of various Top Level Domains.
The domain extensions are mainly;
.com .co.ke .biz .net .info .ac.ke .org .or.ke etc.

Content Management Systems

Due to the dynamic nature of most organizations there is a need to have easy to manage content management systems. We develop these based on many frameworks available including joomla, wordpress, drupal etc.
Now you can have the most up to date internet presence with little overheads in website maintenance costs.

Custom Management Systems

These include but are not limited to:
School Management Systems
Payroll Systems
Billing Systems
Stock Management systems

Hardware Sales and Servicing

We supply computers, peripheral devices from reputable manufacturers with warranty and after sale service.
We also offer Preventative maintenance as a service.

We give you quality services at very competitive prices.

Who Are We?

We are an IT consultancy firm Led by Denis Karema (Bsc. Computer Science) and a team of brilliant IT gurus and a wider team of independent IT consultants. The firm was founded in 2005 and has since handled over 300 projects of different magnitudes.

How we affect the community:

We are involved in youth empowerment through the provision of free IT training to youths in various counties. We believe that we have a responsibility to give back to our community useful skills so that youths with little of no tertiary training can take advantage of outsourcing opportunities and ecommerce.
